In 2019, [4 transnational research themes](#) have been defined within Una Europa, using a bottom-up approach and with the participation of all Una Europa universities.

1. **Cultural Heritage in the context of Migrations and Global Mobilities**
2. **Digitization of Society**
3. **Cultural Heritage. Social Capital, Mutuality and Volunteering**
4. **Safeguarding Cultural Heritage**

The first Get together of the TRT1 for the academic year 2023-2024 was organized on December 1, 2023. You can find the programme [here](#).

We are launching a second gathering for the topic **Cultural Heritage in the context of Migrations and Global Mobilities**.

We invite all senior and early-stage researchers as well as Master students, from our 11 universities, to present their research. Proposals (name, title and 15-line abstract) must be submitted before May 24th 2024.

The format is simple: short presentations on the TRT1 theme, placing it in the broader context of your current and future research. A PPT presentation is possible but not mandatory. Speaking time is short (15 minutes maximum) to allow time for discussion, dialogue and ideas for future collaborations!

We hope that many of you will take part!

Proposals to be sent to TRT1 coordinators: Maria Gravari-Barbas (maria.gravari-barbas@wanadoo.fr), Magdalena Banaszekiewicz (m.banaszekiewicz@uj.edu.pl), Noel Salazar (noel.salazar@kuleuven.be).
