

A Three-dimensional Initiative on Academic Freedom (UnAF)

Una Europa Seed Funding Call 2024

Abstract

The UnAF project sets up a three-dimensional initiative on academic freedom – one of the fundamental values of the Una Europa alliance as well as of the European Higher Education Area (EHEA) and the European Research Area (ERA).

Encompassing teaching, research, and knowledge exchange and outreach, UnAF brings together a multidisciplinary group of scholars from Una Europa institutions as well as other stakeholders to explore academic collaborations and discuss future policy options for the EHEA and the ERA.

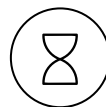

The project's teaching component involves joint development of a curriculum for an interdisciplinary course on academic freedom that can be integrated into different study programmes, including the Joint Bachelor of Arts in European Studies co-developed by Una Europa partners.
