# Una Europa PhD Impact Award

## Case Study Template

**Applicant name:**

**University:**

**Area of study:**

**Case study title:** 10 words or fewer. A short, easy-to-understand title that describes the impact of your research.

**Type of impact:** Tick all that apply to your research. Most research projects will have impact in multiple areas.

| | | | |
|---|---|---|---|
| Economic | Educational | Environmental | Health |
| Policy | Societal | Technological | Cultural |

Other (please specify):

**Impact Summary:** (maximum 1000 characters, approx. 150 words)
Summarise the main impact(s) of your research, in ordinary, everyday language. Do NOT use jargon or technical language. Must be understandable to people with NO expert knowledge.

**Describe your research:** (maximum 3000 characters, approx. 500 words)
In this section, describe the research undertaken, and the timeframe. Outline the key research insights or findings.

**Describe the IMPACT (or future impact) of your research: :** (maximum 3000 characters, approx. 500 words)
Tell the story of your research with a focus on the impact, or expected impact. What is the impact? What change has occurred or will occur? Who is affected? Who benefits? Be as specific as possible, and provide details of where and when. If available, quantify the impact with data, numbers or indicators.

**Justify the impact or provide evidence:** (maximum 1000 characters, approx. 150 words)
Provide any available evidence of impact, e.g. quotes, news articles, policy documents, videos, testimonials, etc.

**Research references:**
Include references to support the research (no more than 10) e.g. links to publications, web links, awards, reviews, etc.

**Funding:**

Give details of how the research (and associated impact activities) was funded.

**Research team / collaborators:** (maximum 1000 characters, approx. 150 words)
Mention other members of the research team and any other collaborators involved, and outline their roles in the project.
